The Honorable Jovita Carranza  
Small Business Administration  
409 3<sup>rd</sup> St SW  
Washington, D.C., 20416

The Honorable Steven T. Mnuchin  
U.S. Department of the Treasury  
1500 Pennsylvania Ave NW  
Washington, D.C., 20220

Dear Administrator Carranza,

Thank you for your continued work to help Iowans, and all Americans, begin to recover from coronavirus (COVID-19). We have only just begun to invest into our communities, and I know we have a long road to recovery ahead. I am writing to request a detailed funding summary from your agency of what has been allotted to help Iowans recover from COVID-19.

As you are aware, Congress passed and the President signed into law four supplemental funding bills that will provide direct assistance to our citizens, businesses, community, health systems, and more. Much of the funding authorized by Congress gave each Secretary broad discretion to distribute, rather than traditional funding plans which provide line by line requests for how much funding should be allocated.

I firmly believe that in order to be good stewards of taxpayer funding, we must have transparency and accountability when it comes to where tax dollars are being spent. I have heard from many small businesses who have not yet received assistance which was provided under these bills. While information regarding the Paycheck Protection Program has been available, and we appreciate that more than \$500 billion of loans have been approved, the performance for Economic Injury Disaster Loans (EIDL) has been far worse. Less than 15% of small businesses I heard from had received any aid via EIDL, and only a third of those who hadn't received aid had received any response.

It was our Congressional intent that every dollar is used to support and benefit those who are suffering the effects on COVID-19. That is why it is so important to ensure a transparent process that allows Americans to see where these funds are being used and spent.

I look forward to working with you and your agency to ensure Iowa communities, businesses, and families have the resources they need to stay healthy, safe, and stay afloat. That is why I am seeking answers to the following questions:

- 1) Please provide for me 1) the total funding amount provided in Iowa, 2) a summary of that funding broken down by grant program, loan program, direct support, or other funding measure, and 3) a summary of where in Iowa that money was spent or given, wherever that information is available.
- 2) Please include a) which programs are available under your agency for individuals or small businesses to use for COVID-19 assistance, b) where are the website links and relevant application information, c) who is the Agency Point of Contact (POC) to submit a question or request to, and

d) who is the correct POC that my office should speak with to ensure funding is allocated to those most in need?

3) Please outline each program, grant, loan, or other funding measure that has been provided to Iowa and a summary of what each program, grant, loan, or other funding measure is for.

4) Please provide as much information as possible about which businesses, communities, counties, and state agencies have received funding. If possible, this information should include locations, points of contact, what type of funding (eg: grants, loans), and total dollar amounts.

a. There may be circumstances where personal information cannot be released. In those cases, please provide information that does not include personal details and instead provide me with the program information and total dollar amount.

5) If there are pending applications, please provide this information as well as expected dates of those decisions. Due to the volume of applications we know SBA is dealing with, please focus this information on those which have been pending for more than 5 days. As I mentioned earlier, my constituents have been waiting on EIDL approvals for weeks, if not months, and we would appreciate information on when they can expect more information.

6) If there have been denials for funding, please provide me with information on the reasons for those denials and the frequency of these denials.

Given the nature of this request, please respond back to my office upon receipt of this request with the expected timeline of your full response. You may contact Denise Fleming in my office at [Denise.Fleming@mail.house.gov](mailto:Denise.Fleming@mail.house.gov) or (202) 225-5476.

Thank you for your work on behalf of Iowans and helping our communities respond to COVID-19.

Sincerely,

Cindy Axne  
Member of Congress
